Safer Care and Better Outcomes

October 2020

Dear Colleagues,

The Humboldt Harm Reduction Coalition was formed in January of 2019. We are a community led advocacy and capacity-building organization that **promotes the health and dignity of individuals and communities impacted by drug use in Humboldt County.**

The Humboldt Harm Reduction Coalition meets monthly to discuss strategies to **protect our most vulnerable and help educate our community on the benefits of harm reduction philosophies and strategies.**

In the Spring of 2020 we launched a community survey to better understand the attitudes Humboldt residents hold for people who use substances. In addition, we developed a resource recovery card for the currently incarcerated community, and we created a “Harm Reduction Is,” campaign.

We hope to release these photos in a community wide art show in the near future.
